
Filing Deadlines for Taxpayers Affected by Hurricane Katrina**Sales and
use tax
notice
#05-18**

The Tennessee Department of Revenue will work with taxpayers from counties and parishes in Louisiana, Mississippi, Alabama, and Florida that are designated as federally declared disaster areas about filing tax returns. The department will work on a case-by-case basis with those taxpayers who are unable to file sales and use tax and other tax returns as required by law because of the impact of Hurricane Katrina. Taxpayers who are unable to file should contact the Department of Revenue to discuss alternate filing options.

Filing deadlines for taxpayers who are able to file will not change.

If you have any questions about this notice or need to arrange alternate filing options, you may contact the department. Tennessee residents outside the Nashville calling area may call our statewide toll-free number at (800) 342-1003. Callers from Nashville or out-of-state may dial (615) 253-0600. You can access additional information on our Web site at www.Tennessee.gov/revenue.
